7. red	1050
8. white	
9. tack batting	
10. ribbon	
11. tack down felt	
12. medium brown	1140

Instructions for making Ornament:

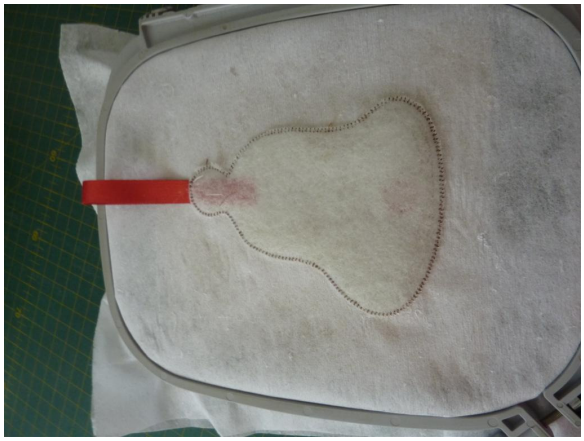
Stitch colour 1, it will show where to place your ornament material.
Cover this area with your piece of felt, slightly glue it down.
Stitch colour 2, this stitch will tack down the felt.

Continue embroidering until the colour chart says tack again.

Cut a piece of satin ribbon 16mm/6.5".
Cut a piece of batting big enough to cover the design.
Remove hoop from the machine and turnover and cover the design with batting, inserting your ribbon. Glue it all lightly and stitch your zigzag outline.

The next colour is just to give the ribbon a few extra stitches to hold better. If you do not make ornament, but as playfood, skip this stage.

Remove hoop from machine and trim the batting at the back of the hoop. AND KEEP YOUR EYE ON THE RED RIBBON SO AS NOT TO CUT IT !!!!!!!



Cover the back of the design with your felt, put hoop back on machine and tack the piece of felt down.

Remove from machine and trim both sides of your ornament.
Final, put back on machine and stitch the satin outline.

I like to use dissolvable backing, when you have finished the design it is very easy to pull the backing. With a wet finger or a wet earplug go along the edges to dissolve any pokies.

Applique is done as follows:
Stitch colour 1, it will show where to place your appliqué material.
Cover this area with your applique material, slightly glue it down.
Stitch colour 2, this stitch is your zigzag stitch, this will tack down the material.
Remove the hoop from the machine and trim you appliqué closely to the stitching.
Put the hoop back on the machine and continue stitching until the end.
