

Lora's Font!

These satin stitched letters are intended to be used on sturdy fabrics. They are densely stitched with substantial underlay. For best results, please use iron-on stabilizer (or stick-on stabilizer) on the hooped fabric. Float an extra layer (or two, depending on the weight of your fabric) under the hoop while stitching.

Some of the lower case letters will fit together for a continuous script. Use editing software to import and set the letters together before sending the word to your machine for best results.
