Victorian Trellis Bridal Collection 1 *Freebie*

Thank you for downloading these designs from My Fair Lady.

The colors given are just a guideline; please try using your own colors. They are also pretty sewn in just one color. All designs need to be stabilized.

This design has been digitized 3 different ways.

VERSION 1: This design is digitized for fabrics such as cotton, linen, satin, etc. The scrolls, leaves and flowers are sewn with a medium dense satin stitch.

VERSION 2: This design is digitized for lighter fabrics such as organza, silk, etc. The leaves and flowers are outlined only, and the scrolls are sewn with a very light satin stitch. When this design is stitched on sheer fabrics, the scrolls have a corded look. This design would look beautiful with beads or sequins in the open sections.

VERSION 3: This design is digitized for lighter fabrics such as organza, silk, etc. The leaves, flowers, and scrolls are outlined. The scrolls are sewn in a heavier outline stitch, which gives the appearance of a braid. This design would also look nice with beads or sequins in the leaves, flowers, and scrolls. T
