Serenity Prayer (10 designs)

Art work and digitising by Hazel Grace Tunbridge

Thank you for purchasing the license to use these designs.

The first design is for those who have very large hoops such as the 360mm x 200mm. The remainder of the designs allow you to create the prayer using the picture above and below as templates. You may want to produce your own version.

You will need to stabilise these designs very well and I suggest that you use at least 2 layers of stabiliser. Because of the nature and the way these designs were created it resizing them may effect the stitch quality and alignment.
